

3D Hot Air Balloon Instructions

Look at the examples on the back for pictures.
Remember to ask an adult for help with scissors!

1. Print five of the hot air balloon templates and color or decorate them.
2. Fold the balloons hot dog style and glue one flap to the next until all five are glued together with a flat back. See the other side for pictures!
3. Draw a scene on the construction paper of where you'd like to fly your balloon: the mountains, the beach, or the city!
4. Glue your balloon, basket, and balloon strings onto your scene
